

Augusta Warrior Project Announces 11-11 Donation Drive

September 09, 2016, Augusta GA

Across the nation, each and every day, 22 Veterans commit suicide. There are 33,000 Veterans in Augusta and 66,000+ in the Augusta-Aiken and surrounding area who need our help. These Warriors and their Families are our neighbors and our friends, and they need support. Augusta Warrior Project is here to help.

To kick start the 11 - 11 donation drive running from this September 11th through November 11th (Veterans Day), the Augusta Warrior Project (AWP) and a number of local sponsors are hosting a golf tournament on Sunday at the West Lake Country Club to raise needed funds to support local Warriors and their Families.

AWP is the only local organization of its kind that brings together the requisite resources to help the 33,000 Veterans and their Families in Augusta and 66,000+ in the greater Augusta-Aiken area. 100% of the money donated stays in the CSRA, and contributions help Warriors from all eras whether they have been wounded or not.

“The Augusta Warrior Project saved my life. If it hadn’t been for them, I wouldn’t have gotten to see my son grow up.” said Adam, a local Warrior. AWP Board Chairman Deke Copenhaver adds, “AWP is not only improving lives, we’re actually saving lives right here in Augusta, Aiken and across the entire CSRA.” In 2015 alone, AWP helped more than 2,700 Warriors and since 2007, AWP has helped over 10,000 local Veterans and their Families.

Please join us in honoring those who have served. Make a tax-deductible donation today by visiting our www.augustawarriorproject.org. Your generous contribution will enable AWP to continue to help our Veterans and their Families reclaim basic human needs, improve their lives and strengthen our local community.

For more information, please contact AWP at (706) 951-7506 or email poc@augustawarriorproject.org or visit www.augustawarriorproject.org.

About AWP

AWP is a 501(c)(3) nonprofit organization whose mission is to serve all Service members from all eras – wounded or not – and their Families. AWP works with a large network of resources to focus on four key areas to help Veterans improve their lives: Education, Housing, Employment and Benefits. All proceeds remain local, and AWP has 11 offices strategically located across 17 counties, including four new counties just added to serve in 2016.
